## ACKNOWLEDGMENT

My sincere gratitude to my parents for providing my needs to help me finish this capstone project and for their full support of me and my group. Also, in this team, thank you for all your best and full-time cooperation. Lastly, to miss Jhelyn for her support and help with the codes that I cannot understand that she explained to me.

I want to express my deepest gratitude to my Almighty God, whose guidance and strength have inspired me throughout this journey. My heartfelt appreciation goes to my loving family for their unwavering support, encouragement, and understanding. I am immensely grateful to my close friends, who have been by my side, offering friendship, laughter, and a shoulder to lean on. To my cherished loved ones, your love and presence have been the driving force behind my endeavors. Special thanks also extend to my dedicated colleagues, whose collaboration, expertise, and camaraderie have enriched my personal and professional life. This achievement would not have been possible without the love and support of these special individuals in my life. Thank you from the bottom of my heart.

With sincere honor and gratitude, I am giving my utmost appreciation and thank you to everyone who accommodated me throughout this project. To our capstone adviser, Dr. Redoblo, to our Capstone instructor, Dr. Mondero, to our panels from when we began this endeavor until we finally accomplished this project, to my colleagues who have always supported our group in terms of developing our ideas, to my groupmates that never failed to amaze me in every step of this project development, and most especially, my sincerest gratitude goes to our almighty Lord. Despite all the sacrifices and circumstances, our creator ensured our team would overcome this journey with proudness and trust. Lastly, I want to mention my other sources of support whose names I'd like to keep myself. They may not know how I surpassed specialized tasks alone; however, this is my time to express how their music helped me to cope during the lowest and most challenging times.
